

## Product

Welcome to Blue Dragonfly's website, the founder and parent of the fast acting Code Blue Pain Cream. We are dedicated in bringing high quality products to healthcare professionals, pharmacies and the public.

Our creams use special ingredients such as Menthol, Methyl Salicylate, Aloe Vera, Eucalyptus oil and others to bring the some of the fastest acting relief to your sore muscles.

Code Blue is an effective OTC pain reliever in a cream form that penetrates into the skin and deep into your muscles. It works without staining and has a pleasant scent.
